To Whom It May Concern:

I had the privilege of meeting Carrie Shubert when she came to our radio stations to be on the morning show! At the time, I was the Creative Director for 4 Phoenix radio stations—two of which featured Carrie as the morning show guest several times. The response was always tremendous both on and off the air. The station received hundreds of calls while Carrie was on the air; and the calls continued to pour in a few days later with listeners asking for her phone number.

Carrie Shubert has a remarkable gift which she shares in a remarkable way. I think the part I enjoy the most about Carrie's shows is the way she handles the callers' concerns -- sometimes with a little humor, sometimes a philosophical touch. The point is-she always reaches the caller with an important message to help them in their lives, while she easily keeps the rest of the audience interested and entertained.

Carrie is a true professional who delightfully offers a positive outlook; a playful sense of humor and impressive accuracy! I always looked forward to listening to her shows!

Sincerely,
