To Whom It May Concern:

Carrie Shubert has been teaching a course entitled "Develop and Control Your Psychic Ability" through the Community Education Program at Scottsdale Community College each semester since February 1999 for a total of ten offerings.

Carrie is pleasant, efficient, patient, as well as responsive to student needs. She has a wonderful sense of humor, which she uses to enliven her class.

The student evaluations have been consistently positive, with an overall satisfaction rating of 90+. It is not unusual for students to repeat the class several times. Her evaluations are full of comments such as: "Every time I go I learn something," or "Carrie is an amazing teacher and healer. I will bring friends next time." Other comments like "Good presenter, very enjoyable class. Carrie made strong one-on-one contact, as well as engaging the group," and "Carrie is great at getting others to stimulate their intuition and psychic ability."

Carrie is a pleasure to work with, flexible in meeting the needs of her students and scheduling needs, efficient, and organized. She blends professionalism, humor, and a great spirit to make her classes fascinating and enjoyable for her students.
